Sun Goes Down (feat. The Knocks)

Icona Pop

I woke up on a sand dune, looking like I'm stranded
Don't know how I got here, searching for some answers
Searching for some answers, searching for some answers
Don't know how I got here, searching for some answers.
Been a long time since I landed on this isle,
Now my only hope is this message in a bottle,
This message in a bottle, message in a bottle.
Now my only hope is this message in a bottle.Oh, it's getting harder
Please send me a sign
I can be your lighthouse
I'll be on the shore
I'll be waiting for you 'til the sun goes down
I'll be waiting for you 'til the sun goes down
I'll be waiting for you 'til the sun goes down
No tidal wave could turn me aroundTo just take this on my own kept getting kind of woozy
Turning kind of dark now, feeling like I'm losing,
Feeling like I'm losing, feeling like I'm losing
Turning kind of dark now, feeling like I'm losing.
Been a long time since that message in a bottle,
Feel like it's my time now, it's getting hard to swallow
Getting hard to swallow, getting hard to swallow.
Feel like it's my time now, it's getting hard to swallow.Oh, it's getting harder
Please send me a sign
I can be your lighthouse
I'll be on the shore
I'll be waiting for you 'til the sun goes down
I'll be waiting for you 'til the sun goes down
I'll be waiting for you 'til the sun goes down
No tidal wave could turn me around
