

Brimstone

[Rick Ross](#)

I say lord, lord lord lord lord
I pray I don't be here
When it all goes down, when it all goes down
I say lord, lord lord lord lord
I pray I don't be here
When it all goes down, when it all goes down
They'll be hard times, and then some
Fire, and brimstone
Devil world from which you came
I pray that God will know my name
They'll be hard times, and then some
Fire, and brimstone
Devil world from which you came
I pray that God will know my name
I say lord, lord lord lord lord Lord lord lord lord
I remember hard times always found a way to smile
It was quiet, Christmas time, no pretty lights around the house
They told me I was loud, didn't fit into they crowd
Mama need a spouse, Daddy always in and out
Age 15 so the caged bird sings
One year later seen a straight bird clean
All glitters ain't gold
These evil niggas prayin' for your soul
Walkin' through the fire, Hell on God's green Earth
Take a seat, close your eyes, bow your head, say chuch Lord, lord lord lord lord
I pray I don't be here
When it all goes down, when it all goes down
They'll be hard times, and then some
Fire, and brimstone
Devil world from which you came
I pray that God will know my name
I say lord, lord lord lord lord Lord lord lord lord
I'm sittin' in the trap and I done did it with the best
Pull a double shift it's time to get your boy some rest
Money on my mind, alcohol on my breath
On the road to riches as I stumble every step
Gold on my arm, gold on my neck
But whats in my heart I will cherish till the death
Same rainy days, but things never change

Prayin' to my maker just to take away this pain
Walkin' through the fire, Hell on God's green Earth
Take a seat, close your eyes, bow your head, say chuchLord, lord lord lord lord
I pray I don't be here
When it all goes down, when it all goes downI said, Lord, lord lord lord lord
I pray I don't be here
When it all goes down, when it all goes down
They'll be hard times, and then some
Fire, and brimstone
Devil world from which you came
I pray that God will know my name
They'll be hard times, and then some
Fire, and brimstone
Devil world from which you came
I pray that God will know my name
I say lord, lord lord lord lord
I pray I don't be here
When it all goes down, when it all goes down
I said, Lord, lord lord lord lord
I pray I don't be here
When it all goes down, when it all goes down
They'll be hard times, and then some
Fire, and brimstone
Devil world from which you came
I pray that God will know my name
They'll be hard times, and then some
Fire, and brimstone
Devil world from which you came
I pray that God will know my name
