## The Explosion

High on hopes, down on my luck  
I've struck out, I don't give a fuck  
The channel keeps changin'  
But it's always turnin' back to you What are we gonna do now?  
Where do we go from here?  
What are we gonna do now?  
Where do we go from here? Something tells me I've been here before  
You ask me to stay but I'm out the door  
The channel keeps changing  
But I know this time it's through I'm turning it off, I've seen enough  
I hear the ring but I'm not picking up  
The channel keeps changing  
But it's all the same to me
