

# I'm so in Love with You (feat. Seth Avett)

Jill Andrews

When I'm alone  
And talk to myself  
Like I'm talking to you  
Talking to you I laid on the coach  
And humble little too hmm hmm  
I singing to you And I know it take a little more time to get through And i'm so, i'm so in love with you  
You know I can't control it  
And acting like such a fool  
And i'm so, i'm so in love with you  
Here still wishing and hoping and waiting to hear it from you  
Let me hear it from you  
You  
If I fall asleep  
And find you in a dream  
Laying next to me  
I'm holding my breath  
Entangled in cheese  
And I wanna believe  
I wanna believe And in the morning I still waiting for this dream  
To come true  
And i'm so, i'm so in love with you  
You know I can't control it  
And acting like such a fool  
And i'm so, i'm so in love with you  
Here still wishing and hoping and waiting to hear it from you  
Let me hear it from you  
You Let me hear it from you  
You
