Seal

So you want to be free and live your life the way you want to be
Will you give if we cry? will we live or will we die?
Will we die? Jaded hearts heal with time
Now shoot that love, so we can stop the bleedin'
Solitary brother, is there still a part of you that wants to live?
Solitary sister, is there still a part of you that wants to give?
Solitary brother, is there still a part of you that wants to live?
Solitary sister, is there still a part of you that wants to give?
If we try and live our lives the way we wanna be, yeah
Brother, sister, brother, brother, sister, brother
There's no other love, there is no other love, no other love like
ours
There's no other love, there is no other love, no other love like ours
There's no other love, there's no other love, there is no love
Solitary brother, is there still a part of you that wants to live?
Solitary sister, solitary brother, solitary sister
Racism in among future kings can only lead to no good
Besides all our sons and daughters already know how that feel
Yeah, yeah, yeah, love, love, love
