Stronger

Delirious?

We're getting stronger every day
We're getting braver in every way
Hallelujah, here we comeWe're getting stronger every day
Push through the waves that fall our way
Hallelujah, here we come
We're much stronger when we're one
Hallelujah, here we comeOh, I love You from the depths of my heart
And nothing here will tear us apart
Everything's beautiful with You
Everything's beautiful when You invade my life
And I'm living just to say that I love YouWe're getting closer every day
Chasing the dreams that heaven gave
Hallelujah, here we come, yeahWe're getting closer every day
Into Your arms I'm here to stay
We're much stronger when we're one
Hallelujah, here we comeOh, I love You from the depths of my heart
And nothing here will tear us apart
Everything's beautiful with You
Everything's beautiful when You invade my life
And I'm living just to say that I love YouYes, I love You
Oh, I love You now
Oh, I love You now
Oh, I love You
Oh, I love You nowOh, I love You
Oh, I love You
Oh, I love You
Oh, I love YouI love You
Yes, I love you
