Studio (feat. Young Thug)

Jacquees

Yeah, yeah
Yeah, yeah, oh
Jacquees, ayyIt's okay, baby, it's alright now
I know I'm gone some time on the other side of town
And up all night, I wish you were with me
If you were 'bout that life, you would come pull up on meYour mind is playin' tricks on you girl, yeah
Simply cause you know that the decision is yours, oh, oh
Baby girl, I know it's been a minute
Been a minute since I hit it
But I wanna do somethin' different (oh yes I do, okay, okay)
I wanna fuck you in the studio
Please don't tell him where you
goin' 'cause it really ain't his business
And lately I been drinking, saucin', I think you just want to lick it
Got a session in the Westin, I know that you wanna visit
I'ma lock the door, I'ma fuck you in the studio
I wanna fuck you in the studio
Ayy, ayy, ayyYour body's calling me
I'ma see what's up
Since you want it, I want it, pull up
No games will be played
Don't think I'ma wait on you forever
Ain't no one better than you, babyYour minds playing tricks on you, girl, yeah
Simply cause you know that the decision is yours, oh
Baby girl, I know it's been a minute
Been a minute since I hit it
But i wanna do somethin' different (oh yes I do, okay, okay)
I wanna fuck you in the studio
Please don't tell him where you're
goin' 'cause it really it ain't his business
And lately I been drippin' sauce
and I think that you just wanna lick it
Got a session in the Westin, I know that you wanna visit
I'ma lock the door, I'ma fuck you in the studio
I wanna fuck you in the studio
Ayy, ayy, ayyCaught at the studio, call me Julio, yeah
I'm just a real big playa, you can call me a Gigolo, ayy
'Bout to fuck you from the back, right in my studio, ayy
I'm 'bout to drip my swag, baby hold on, sit back

Watch a bitch rub my dick like a mongoose (ooh)
Make her drink Remy, nigga, call me Papoose (ooh)
Pockets full of blue-face hundreds, suwoop (ooh)
Straight from the back of the lab, make a beat tooBaby girl, I know it's been a minute (been a minute)
Been a minute since I hit it (since I)
But i wanna do somethin' different (ooh, ooh, ooh)
I wanna fuck you in the studioPlease don't tell him where you're goin'
'cause it really it ain't his business (oh yeah)
And lately I been drippin' sauce and I think that
you just wanna lick it (yeah, yeah, yeah, oh yeah)
Got a session in the Westin, I know that you wanna visit (I know)
I'ma lock the door I'ma fuck you in the studio, studio
I wanna fuck you in the studio (studio, studio, studio, studio)
