## Compton's Most Wanted

Life, life, lifeIt's the city of jackers, swindlers, pimps and hoes  
And niggas that bang and slang in kilo's  
Where the rule is 'Fool, we don't play that'  
Bomb to your motherfuckin' lip, watch it get fat4 deep in a car on a mission  
Load up the glock and watch it start spittin'  
Nobody understands the gang mentality  
I don't give a fuck, just want to see some casualtiesAnd we'll beat your ass down with the quickness  
Busters know that they can't get with this  
Put the sweat down on a fool at the bus stop

Look into the eyes of the 12 gauge barrel  
My t-shirt and khaki's with house shoes is the apparelJust call me a nigga with a problem  
Better yet a troubleshooter 'cause I'ma shoot the enemy  
When I see the white of his eyes  
You'll have a funeral every night  
'Cause one of your homies diesGeah, it don't mean nothin' to us, ready to buss  
A thousand motherfuckers and we kick up much dust  
Another dead, chalk up one for the hood tonight
