

Wings for Marie, Pt. 1

Tool

You believed
You believed in moments not conceived
You believed in me A patient in spirit
Uncompromise
Without us in your heart
A light in your eyes that
Ends all lies Vacant, broken
Fell at the hands of those moments that I wouldn't see
'Cause you, you pray for me too
What have I done to be a son to an angel
What have I done to be worthy Daylight dims leaving cold fluorescence
Difficult to see with this light
Please forgive this selfish question, but
What am I to say to all these ghouls tonight
She never told a lie
Well might have told a lie
But never lived one
Didn't have a life
Didn't have a life
But surely saved one
Alright, now it's time for us to let you go
