Callin' My Name

Tynisha Keli

Hmm Ooh yeah
I gotta slip away
Cuz all these memories of you and me
So crazy
I gotta clear some space
I'm tryin' figure out just how it got this way
You dont' even know what I've been through
You push me to the door
And walk me through
And now you want me back
But I'm so through with you(Take off your handcuffs)
Release me from this love
(I hear you callin)
But its so wrapped up
Stop call,
Stop callin,
Stop callin my name,
My name
Stop callin me
stop callin my name
Could you please stop callin me
Please stop
Please stop callin me
Please stop
Please stop callin my nameI use to be afraid to live without you
So I never once complained
(Not once complained)
Until I found my strenght,
To finally get up on my feet and run away
If you see me out with another guy (guy)
Don't be suprised cuz you know why
I-I was already done
So don't keep tryin to pull me back
I want you to(Take off your handcuffs)
Release me from this love
(I hear you callin)
But its so wrapped up
Stop call,
Stop callin,

Stop callin my name,
My name
Stop callin me
stop callin my name
Could you please stop callin me
Please stop
Please stop callin me
Please stop
Would you please stop callin my nameStop call,
Stop callin,
Stop callin my name,
My name
Stop callin me
stop callin my name
Could you please stop callin me
Please stop
Please stop callin me
Please stop
Would you please stop callin my name
