

# Sliding

## Nobby Reed Project

If you see me sliding  
Say we're gonna slide together

If you see me hiding  
Tell me I can hide forever

Come  
With me now  
As now I run  
Show me how to be someone  
Let me fly into your sun

When my clouds are crying  
Say your gonna change my weather

If you hear me lying  
Its never when we lie together

Come  
With me now  
As now I run  
Show me how to be someone  
Let me fly into your sun

If you see me sliding  
Pray that I won't slide forever

If you see me hiding  
Say that we can hide together

Come  
With me now  
'cause now I run  
Show me how to be someone  
Let me fly into your sun

Come  
With me now  
'cause now I run  
Show me how to be someone

Let me fly into your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun

Your sun
