Always Wrong

People Press Play

I'm always wrong you're always right
We're in our room we start to fight
Now there's some light I see the way
I don't care how you must stay now

I'm in the mood the light is soft
You want to talk talk about you
Inside I scream I need you now
Inside of me inside of you

You're the kind of pain I can do without
You're the kind of pain I can do without
You're the kind of pain I can do without
You're the kind of pain I can do without

We're alright you know we're alright
And if we lose I know we don't die
Two lives and you're driving me crazy
I'm done with you obsessing you baby

Be good I'll be good to you baby
No lies I'll be here for you baby always
Always always always always
Two lives and you're driving me crazy

I'm done with you obsessing you baby
Be good I'll be good to you baby
No lies I'll be here for you baby
