You Could've Left Me

Randy Rogers Band

You can't fool me, I can read you like a book
Well, I can see that leavin' in your eyes, I even know that look
You think that I don't know, you think I have no clue
I guess letting me down easy was more than you could doYou could've left me, yeah, before I let you in
You could've left me, before we tried what might have been
You could've left me, before you did me wrong
But you can't leave me now 'cause I'm already goneWell, that's right it's too late, yeah, I left along time ago
You were too busy livin' it up, honey, I was letting go
Well, now don't act so sad, those tears aren't even real
You ain't ever gonna see me again, tell me how does that feel?You could've left me, yeah, before I let you in
You could've left me, before we tried what might have been
You could've left me, before you did me wrong
But you can't leave me now 'cause I'm already goneWe used to talk about forever, not so long ago
But forever is all over now, don't act like you don't knowYou could've left me, yeah, before I let you in
You could've left me, before we tried what might have been
You could've left me, before you did me wrong
But you can't leave me now 'cause I'm already goneBut you can't leave me now 'cause I'm already say
I'm already gone, I'm already gone
I'm already gone, yeah, I'm already gone
