

Mr. Almost Feat. Shy Carter

Meghan Trainor

Tryna force puzzle piece,
Not a perfect fit for me
But they told me give it time
Maybe Cupid missed my chest
'Cause I keep looking left
And you ain't missed your right

You're so sweet when we're kissing
But there's something I'm missing
Baby there's no chemistry,
Yeah, we look good on paper
You can call me a hater,
But let's talk on and see!

Hey, no you ain't the perfect match for me
But you were so close my Mr. Almost
Hope it didn't come on falsity
You were so close my Mr. Almost

All my girls say lock him down,
Guys like him don't come around
Go and pick your wedding rings
Yeah, my mom thinks you're legit
But I'm way too young for this
So I'ma tell you what I think
Yeah, you are so sweet when we're kissing
But there's something I'm missing
Baby there's no chemistry,
Yeah, we look good on paper
You can call me a hater,
But let's talk on and see!

Hey, no you ain't the perfect match for me
But you were so close my Mr. Almost
Hope it didn't come on falsity
You were so close my Mr. Almost

Hey, no you ain't the perfect match for me
But you were so close my Mr. Almost
Hope it didn't come on falsity

You were so close my Mr. Almost
