

No Vacancy

OneRepublic

[Verse 1]

I used to leave the doors unlocked and leave the lights on
I used to stay awake, just counting hours on my thumb
I had so many empty rooms inside the chateau
Yeah, oh yeah
I'm done with sharing space with people that I don't know
Trading pieces of my heart, it left a shadow
I had so many empty rooms inside the chateau, yeah[Pre-Chorus]

But ever since I met you

No vacancy because of you

There's no vacancy, no empty rooms

Got no vacancy ever since I met you

No vacancy 'cause of you[Chorus]

Used to be that I felt so damn empty

Ever since I met you, no vacancy

Used to be that I felt so damn empty

Ever since I met you, no vacancy

No vacancy, no vacancy

Used to be that I felt so damn empty

Ever since I met you, no vacancy

Used to be that I felt so damn empty

Ever since I met you, no vacancy

No vacancy, no vacancy[Verse 2]

I used to be the type to never take the chance, oh

Had so many walls, you'd think I was a castle

I spent so many empty nights with faces I don't know[Pre-Chorus]

But ever since I met you

No vacancy because of you

There's no vacancy, no empty rooms

Got no vacancy ever since I met you

No vacancy 'cause of you[Chorus]

Used to be that I felt so damn empty

Ever since I met you, no vacancy

Used to be that I felt so damn empty

Ever since I met you, no vacancy

No vacancy, no vacancy[Bridge]

Come on, come on, listen, oh yeah

Come on, come on, listen, oh yeah

When I fell, I fell, I fell, I fell for you

So no vacancy, no vacancy[Chorus]
Used to be that I felt so damn empty
Ever since I met you, no vacancy
Used to be that I felt so damn empty
Ever since I met you, no vacancy
No vacancy, no vacancy[Outro]
Come on, come on, listen
No vacancy, oh yeah
Oh yeah, no vacancy
