

# I've Got a Thing About You Baby

[Elvis Presley](#)

I've got something to tell you  
That I think you ought to know  
That my eyes are on you baby  
    Since a long time ago  
And now I fin'ly got the nerve  
And I'm gonna make my move  
Now don't you try to turn me off  
Cause it's gonna be hard to do I've got a thing about you baby  
    Ain't nothing I can do  
    I've got a thing about you baby  
A thing about lovin' you Ain't it just like a woman  
    When she knows she's got a man  
    She'll wring you out and turn you 'bout  
    In the palm of her hand  
    And then she starts to thinkin'  
    Then maybe she's put you in a blind  
    She'll give you just a little lovin'  
It'll drive you out of your mind I've got a thing about you baby  
    Ain't nothing you can do  
    I've got a thing about you baby  
    A thing about lovin' you
