

# Hands On Me

Vanessa Carlton

First saw you at the video exchange  
I know my heart  
and, it will never change  
this temp-work would be alright  
if you'd call me,  
you'd call me  
I lie awake at night for you,  
and I pray

We'd cross the deepest ocean,  
cargo across the sea  
and if you dont believe me,  
just put your hands on me  
and all the constellations  
shine down for us to see  
and if you dont believe me,  
just put your hands on me

ooh...

The subway radiates with heat  
we barley met, and still i cross the street  
to your door

We'd cross the deepest ocean,  
cargo across the sea  
and if you dont believe me,  
just put your on me  
and all the costellations,  
shine down for us to see  
and if you dont believe me,  
just put your hands on me

Someday when our stories are told,  
they'll tell of a love like this  
when our descendants are growing old  
a thousand years and we'll be singing  
na na na na na na na na

We climbed the Tibetan mountains,

where we can barley breath  
I see the Dalai lama,  
I feel him blessing me  
and all the constellations,  
shine down on us to see  
and if you dont believe me,  
just put your hands on me

(hands on me)

Hands on me

(hands on me)

na na na na na na na na na

(hands on me)

Hands on me

(hands on me)

Your hands on me

(hands on me)

na na na na na na na na na

I first saw you at the video exchange
