

Winter's Carol

Tori Amos

A winter's carol, first song of the robin
A winter's carol, I go through the land
And I can hear it
Ringing out, ringing out from pine to oak
Bringing out with the December snow
Ringing out a gift to old
Wrapped in ribbons of gold for the whole world
For the whole world
The summer queen has been in darkness
The summer queen has been in darkness
The summer queen surrenders to this
To him she reveals the secrets
To him she reveals
The wine ham secrets
For a time, for a time rejoice
Fire and frost in marriage
Through a midwinter clearing
A forest greets the snowy evening
Year after year, the holly king
Passes the torch as it was intended
Through a midwinter clearing
A final kiss and a new beginning
Kiss on the queen wearing his wreath
Soon with the sun she will be ascending
Through a midwinter clearing
The forest greets a snowy evening
With wands of yew, the holly king
Passes the torch as it was intended
Passes the torch as it was intended
A winter's carol, first song of the robin
The sun is reborn from the starry heavens
A winter's carol echoes the sound of wonder
And I can hear it
Ringing out, ringing out from pine to oak
Bringing out with the December snow
Ringing out a gift of old
Wrapped in ribbons of gold for the whole world
Wrapped in ribbons of gold for the whole world
Wrapped in ribbons of gold for the whole world

For the whole world, for the whole world
Ringing out winter's carol
Ringing out winter's carol
Ringing out winter's
