Trains and winter rains

Lyrics by Roma Ryan

[top]

City streets passing by

Underneath stormy skies Neon signs in the night

Red and blue city lights

Cargo trains rolling by

Once again someone cries Trains and winter rains

No going back no going home

Trains across the plains

And in the sky a star alone Every time its the same

One more night one more train

Everywhere empty roads

Where they go no-one knows Trains and winter rains

No going back no going home

Trains across the plains

And in the sky a star alone

Trains and winter rains

No going back no going home

Trains across the plains

And in the sky a star alone Trains and winter rains

No going back no going home

Trains across the plains

And in the sky a star alone

Trains and winter rains

No going back no going home

Trains across the plains

And in the sky a star alone
