Betrayer

Eva Under Fire

You and I had the world
You and I stole the sun
The ones who would tell them
Nobody sold them
Just before I found you out
You sold your soul

Betrayer

Chorus
Tell me your lonely
Say that your sorry
Tell me you love me
And you'll never let go

Vs2
Justified desire won
Nullified the world went numb
Now you're begging
Show you mercy
When you only showed me
That you'd throw me
All away

Betrayer

Chorus
Tell me you're lonely
Say that you're sorry
Tell me that you'll never let go
Tell me you're lonely
Say that your sorry
Tell me you love me
And you'll never let go

Bridge
Say that you'll never let go
Tell me that you won't let go
