Blackout

Alkaline Trio

Don't you ask me to come out
When the sun does shine
Let us stay here with curtains drawn
In darkness you'll be mine
Let's wait for the blackout
The light is too bright
Let's wait for the blackout
Wait for the night
Well welcome to my basement flat
No windows to see through
When darkness falls my friend
We'll both know what to do
Let's wait for the blackout
The light is too bright
Let's wait for the blackout
Wait for the night
Come walk with me upon the earth
That keeps us both alive

No living thing has lasted here
We can both survive
Let's wait for the blackout
The light is too bright
Let's wait for the blackout
Wait for the night
In darkness there is no sin
Light only brings in fear
Nothing to corrupt the eyes
There is no vision here
At first you may find it strange
But please dont go away
Theres power in the nightime
That you won't find in the day
There is no vision here
There is no vision here
