

Trouble

Beth Hart

I didn't come to make trouble
But there's a war on the rise
We were built for survival
Given no compromise But I just want
One day in the sun
Hanging out, having fun
I didn't come to make trouble Wait a minute, what you say?
You wanna smack my face
Well I ain't your bitch or your baby
Don't make me trash this place Cause I just want
One day in the sun
Hanging out having fun
I didn't come to make trouble Just like a wrecking ball
I can't keep my big mouth shut
I can't seem to get along
Trouble's just much too I try to talk like a good woman
I try to walk like a good woman
But when I talk damage is done
And when I walk the angel runs
I try to talk
I try to walk Just like a wrecking ball
I can't keep my big mouth shut
I can't seem to get along
Trouble's just much too I didn't come to make trouble
But there's a war on the rise
We were built for survival
Given no compromise But I just want
One day in the sun
Hanging out having fun I just want one night on the flow
Laughing like a rooster crow I didn't come to make
I didn't come to make
I didn't come to make
Trouble!!!!
