Beautiful Girl

No Authority

Sitting by the phone, girl, I'm feeling so alone
How I wish I knew your name
When I saw your eyes, girl, a touch of paradise
You have set my heart aflame
It's a shame
(It's a shame)
'Cause the girl I love doesn't know I do, oh, no
It's a shame
(It's a shame)
I'm too shy to tell her my love is true, oh, yeah
Beautiful girl, please tell me who you are
I wish upon a star
I hope my destiny takes me to your heart
I'll give you everything
Your love is all I need, my beautiful girl
Dream a dream come true, I will only dream of you
Baby that is how I feel
Love can be so cruel, oh, my friends say I'm a fool
Tell the world this is for real
Who am I
(Who am I)
To believe she even would talk to me
Who am I
(Who am I)
To believe in a love that might never be
Beautiful girl, please tell me who you are
I wish upon a star
I hope my destiny takes me to your heart
I'll give you everything
Your love is all I need, my beautiful girl
Does she think that I'm her type of a guy
I'm a dreamer, that I cannot deny
It's so hard and I'm so shy
Beautiful girl, beautiful girl
Please tell me who you are
I wish upon a star
I hope my destiny takes me to your heart
I'll give you everything
Your love is all I need, my beautiful girl

Please tell me who you are
I wish upon a star
I hope my destiny takes me to your heart
I'll give you everything
Your love is all I need, my beautiful girl
Please tell me who you are
I wish upon a star
I hope my destiny takes me to your heart
I'll give you everything
