Say the Same

Lewisland

I donâ€™t wanna say a thing
I donâ€™t need you to believe
You wonâ€™t learn from your mistakes
You leave bodies in your wake

So please, I donâ€™t want you to complain
So please, I guess that we could say the same

I donâ€™t need your sorry face
Girl youâ€™re driving me insane
You keep asking for your space
What I loose is what you gain

So please, I donâ€™t want you to complain
So please, I guess that we could say the same
So please, I donâ€™t want you to complain
So please, I guess that we could say the same

I donâ€™t have to say a thing
I donâ€™t wanna stay in touch
You keep driving me insane
I think I have had enough

So please, I donâ€™t want you to complain
So please, I guess that we could say the same
So please, I donâ€™t want you to complain
So please, I guess that we could say the same
