I'll Send Them Your Way

Cock Robin

You want my love Tell me what have you to give? What can be done When I've my own life to live? All that you want Is very hard to come by No one knows more than I[Chorus] Who's got the time and the place And the shoulder to cry on? For all the trouble we face Just someone to rely on Show me the love of a friend And a dream to get high on And I'll send them your wayOnly if I could It's not that my heart does not bleed But where shall I look To find all these things that you need? If you were but one That somehow had come to me first I could not quench your thirst[Chorus]
