

Harmony

The Early November

Finally found a wig I like
Itâ€™s making me a familiar sight
and light let it take you there
light let it take me there

Youâ€™re like harmony
In a sad song
Bringing out the misery
You want
And Iâ€™m a higher ring
You know Iâ€™m out there
With you
Let the light bring you here

Finally found a wig I like
Itâ€™s making me a familiar sight
and light let it take you there
light let it take me there

Youâ€™re like harmony
In a sad song
Bringing out the misery
You want
And Iâ€™m a higher ring
You know Iâ€™m out there
With you
Let the light bring you here

Itâ€™s like harmony
In a sad song
Bringing out the misery
You want
And Iâ€™m a higher ring
You know Iâ€™m at there
For you
So let the light come bring you there
