## Balor Knights

Lock my door, close my blinds
I wanna be by myself
What's that thing you put in your nose?
Can I have some?I see you do this everyday
I hope you don't blow yourself away
Are you feeling real good?Wired
WiredOh, the room is getting dark
Oh, I hope my heart don't stop
Do you really give a damn?
Do you even understand?The hour lashes drainin' thin
Where have you been?
Do you know it makes
You feel real goodWired
WiredWired
WiredAre you wired my child?
