My Baby Don't Lie

Atkins, Nicole

Telephone, all alone, ringin' obscene
Can't believe what this girl is saying to me
And if that little girl don't shut her mouth
She's gonna get a black eye
'Cause my baby don't lie, yeah my baby don't lieSaid he was out with Amy cutting a rug
Holdin' her, kissin' her, smoking her drugs
And if she keeps on spreading rumours
Well that bitch is gonna have to die
'Cause my baby don't lie, yeah my baby don't lie
Asked my friends "Did my man stray?"
"Yes he did! Yes he did!"
And it took my breath away
I'm small yet strong, but I can't hold on
The weight of love you left behind
The weight of love you left behindTelephone, all alone, ringin' obscene
Can't believe this is really happening to me
If that little girl don't shut her mouth
She's gonna get a black eye
'Cause my baby don't lie, yeah my baby don't lie
And if that little boy don't watch his hands
He's gonna get a black eye
'Cause my baby lies, yeah my baby lies
And if that little boy don't shut his mouth
He's gonna get a black eye
'Cause my baby lies, yeah my baby lies
