

# Fade

## The Narrative

We probably shouldn't talk  
cause talking leads to thinking  
and eyes wide open blank in the dark  
We probably shouldn't think  
cause thinking leads to questioning  
it circles you right back to the start everything used to make sense  
we're testing it and our own strength  
oh, no if we don't leave now  
we will break  
we will falter, we will fade  
if we don't leave now  
we will harm  
we'll regret what we've  
done to ourselves I probably shouldn't wish  
for your breath on my skin  
instead the cold air's traveling down  
from the vents above our heads  
and drinking is no excuse  
though it's an easy one to use when  
lack of self control has left you making  
poor decisions for yourself everything used to make sense  
we're testing it and our own strength  
oh, no if we don't leave now  
we will break  
we will falter, we will fade  
if we don't leave now  
we will harm  
we'll regret what we've done ah, what have I done  
what have I done  
ah, I've gone and hurt  
the one I love if we don't leave now  
we will break  
we will falter, we will fade  
if we don't leave now  
we will harm  
we'll regret what we've done if we don't leave now  
we will break  
we will falter, we will fade  
if we don't leave now

we will harm  
we'll regret what we've done to ourselves
