

He's Got a Way With Women

[A.J. Croce](#)

Well, he walks right, he talks right
Knows what makes them girls feel fine
Hes got a way with women
And he just got away with mineHe drives a big car like a big star
Plays a guitar that bluesy kind
Hes got a way with women
And he just got away with mineNo, he didnt ride up wearin' shinin' armor
Ridin' on a milk white steed
But he gave em quite a performance
This I must concede, yes, yes'Cause he walks right, he talks right
Knows what makes them girls feel fine
Hes got a way with women
And he just got away with mineNo, he didnt ride up wearin' shinin' armor
Ridin' on a milk white steed
But he gave em quite a performance
This I must concede, yes, yes'Cause he walks right, he talks right
Knows what makes them girls feel fine
Hes got a way with women
And he just got awayGonna say one more time
'Cause this gentlemen is so darn smooth
Hes got a way with women
And he just got away with mine
