

# Fool's Paradise

## Billy Price

I often think off the live I've led  
And oh, it's a wonder, I ain't dead  
Drinking and gambling, staying out all night  
                  Living is a fool's paradise  
My mother told me and my father told me too  
                  Said my child, it's all catch up with you  
Drinking and gambling, staying out all night  
                  Living in a fool's paradise  
                  Though I've learned my lesson

                  Like all fools I've met  
                  Oh, I've learned things in this life  
                  That I haven't forgotten yet  
My father told me, my mother said it right  
                  Said my son, you're ruining your life  
Drinking and gambling, staying out all night  
                  Living in a fool's paradise  
                  Oh yeah, living in a fool's paradise
