Usually I make a weed song so here go a weed song (2X)
Still blazin(3X)
The ganja power so amazing ,
Give my the strength on proctection keep raisin each an every day
Why can't everyone just smoke like me
just gimmie quite place and let me roll my weed,
where aint nobody in my business
don't nobody gotta no, let all your conscience go n blow it by the Oooooo,
im here but my minds gone,
and its gettin hard to see you cause my eyes low,
marijuana minute nigga times slow,
on a kush clock so its time to smoke ,
say I look high I say im high bro,
still blazin on wit me jus facin,
I remember days wen , I culd only smoke on occasions ,
I couldn't wait to go n cop from ray n them,
rolln blunts of 50 stuck and my moms basement,
had dro for sell but niggas was smoking haze then,
blew a O a day then, don't know but some how I made a way,
n nigga them bills need pay but im,

Still blazin(3X)
The ganja power so amazing ,
Give my the strength on proctection keep raisin each an every day
Why cant everyone jus smoke like me,
just get up out my face and let me roll my weed,
where aint nobody and my business don't nobody gotta know,
lets all learn how to roll, n blow it by the Oooooo,
im here but my minds gone,
400 a zip nigga that's wats im on,
and im gonna reup as soon as the fires gone,
smoking og kush from another time zone (time zone),
as the smoke begins to pile on, wettin rags and puttin bags over the fire alarm,
you niggas styrofoam lightweights
im on my 13 oh zee, quiet baked, you prolly go to sleep, your throat might ache,
you off that good needa nice brake,
see I roll Jays up all day and you wont have to put a 8th in
they sayin its amazing how im,

Still blazin(3X)
The ganja power so amazing ,
Give my the strength on proctection keep raisin each an every day
