

Into You

Carolyn Dawn Johnson

Into You

(CDJ/Mary Danna/Shaye Smith) If he doesn't call when he says he'll call
Or if he doesn't even call at all
Well he just might not be that into you If he's too busy to see you on the weekends
And he doesn't introduce you to his friends
Well he just might not be that into you Cause if he was
He'd be hangin' on your every word
He'd put away his little black book and put you first
He'd be doing double back flips to make it work.....out If he's a month late for your birthday
Or if he calls you by another girl's name
Well he just might not be that into you Repeat Chorus If he says he's not the marrying type
And he only calls you in the middle of the night
Well he just might not be that into you Yeah, yeah I got your back, yeah
You gotta listen, girl
If you're not the centre of his world
He's not that into you, yeah Repeat Chorus If he says she's just a friend, like a sister
Then one day you see him up and kiss her
Well he just might not be that into you
Yeah you just might wanna find somebody new
Yeah that's what I would do
Girl if I were you Yeah, yeah, find somebody new
Yeah he's not that into you
Yeah, yeah, girl find somebody new
You know you're gonna find someone out there who loves everything about you
It's so great
Just hold out
It's worth it
