

# Wasted

**Nat Baldwin**

In my hands I held the only thing  
That's been good to me  
Goes down easy every time  
I'll count on you tonight  
To numb the feelings  
Of all those who have moved on  
To a place we'll all go  
Now we are here  
Now we are goneWasted  
Wasted again  
Wasted  
Wasted againIn my hands I held the only thing  
That makes sense to me  
Everyday is a new day  
You always stay the same  
When I have nothing left  
I'll have you to myself  
With all we have lost  
And all we've won  
I think that's enoughWasted  
Wasted again  
Wasted  
Wasted again
