Lonesome Sound

Merchandise

To be free
I went hunting
Yeah, deep underground
Where beauty dies
Her secrets lie
Yeah, but were never found
Just let me drownIn the lonesome sound
Don't come around, oh no
It's the lonesome sound
Don't come around, oh noIt wasn't love
Well, she was turning me on
Yeah, I went further down
What a game
Her character played
Yeah, but you were all I found
When the truth came downIn the lonesome sound
Don't come around, no no
It's the lonesome sound
Don't come around, oh no
Anymore
