

Prey to the Beat

Ro Danishei

Not another day, not another way
Not another day, not another way
Not another day, not another way
Not another day, not another way Forget the church, the mosque, the temple
Come together, make it simple
Mothers, fathers, brothers, sisters
See your ass out at the disco
Hear your song on the radio
Sing along then play it over
Bring the beat that keeps on givin
This is the new world religion Gotta get it right,
Don't put up a fight
It's gonna be all right
Let's light up the night,
Gonna shine to bright
Tonight We're gonna start a riot
Come on, c-c-common
Get your party on
Go dumb and come undone
If you can't beat em join em
Get stupid on your feet
See your ass out at the disco
Pray with me to the beat Take my hand let's make history
Bring to life what was mystery
Say goodbye to your old worries
In this life there are no juries
God's the DJ, life's the dance floor
Tear it up, this is the answer
Soon this trend will spread like cancer
Show me love my little dancers Gotta get it right,
Don't put up a fight
It's gonna be all right
Let's light up the night,
Gonna shine to bright
Tonight We're gonna start a riot
Come on, c-c-common
Get your party on
Go dumb and come undone
If you can't beat em join em

Get stupid on your feet
See your ass out at the disco
Pray with me to the beat It's nothin more
Than a love for dance or war
Who's side are you on?
It's the beat we're fighting for We're gonna start a riot
Come on, c-c-common
Get your party on
Go dumb and come undone
If you can't beat em join em
Get stupid on your feet
See your ass out at the disco
Pray with me to the beat
