

Weekend Offender [Tee Ay Zee Presents]

Cass

Take my hand and I'll show you a good time,
I'm on a steam train and the track is the best rhyme,
It's rolling faster and faster and getting more drunk as the night goes by yo,
Coz I am a weekend offender, out every night I'm an all night bender,
were bouncin' up and down, heads are spinning round and round yo,
I'm on one every night, but
I still go when it gets light,
I'm on a level with the devil on my shoulder,
Coming to a rave,
I'm an all night soldier,
Coz I am a weekend offender,
Out every night, on an all night bender,
(all night bender, all night bender)
I'm not going home alone.
(BASS DROP) With an MC that's about to make the room go
(twang)
I'm not going home alone.
O-o-o-o-okay it's about to explode,
Louis Benton on the mike, about to reload,
From the decks to the microphone, you don't know,
Coz I'm about to get the hype started in this show, yo,
Lettin' the base pump though the speaker,
as the treble in the bass goes deeper, deeper,
To the sound of the underground, the wrong sound,
Birmingham, leeds are getting down, yo, yo,
this track is smashing it,
where the man is laying is the place to be,
Saturday night comes in the lime light,
and you drive a couple of hours just to come to night, yo, yo
A couple hours down the road, you walking in the club it's about to explode,
with a DJ playing your favourite tunes,
with an MC that's about to make the room go
(Whooo!)
(BASS DROP)
with an MC that's about to make the room go
Take my hand and I'll show you a good time,
I'm on a steam train and the track is the best rhyme,
It's rolling faster and faster and getting more drunk as the night goes by yo,
Coz I am a weekend offender, out every night I'm an all night bender,

we're bouncin' up and down, heads are spinning round and round yo,
I'm on one every night, I still go when it gets light,
I'm on a level with the devil on my shoulder,
Coming to a rave, I'm an all night soldier,
Coz I am a weekend offender,
Out every night, I'm an all night bender,
(all night bender, all night bender)
I'm not going home alone.
(going home alone, going home along, going home alone, going home alone, going home alone...)
MC that's about to make the room go
(BASE DROP)
Coz this train's a steam train,
this train will mash your brain,
from the left to the right,
Get bouncing inside,
all my ladies jump up and enjoy the ride, yo,
don't pass out on the floor and if the party's to hype then there's the door,
from the left to the right,
Get bouncing inside
(mini BASS DROP)
With an MC that's about to make the room go
(Whooooo!)
I'm not going home alone.
(Song finished)
