

# After You've Gone

## The Scandanavian Half-Breeds

You're just a mile away  
One thousand five tiny steps from here  
But if I brought you near  
Would you believe when I say  
It seems like yesterday  
That I could reach out and touch your face  
But as I fall from grace  
Into whose arms can I lay  
It's always much too late  
We get the signs  
We can't communicate  
Or turn back time  
So what will be now, do you feel somehow  
Not so together and not quite as strong  
Now I believe  
Alone doesn't have to mean lonely, after you've gone  
I need a healing wind  
To cool the flame burning in my sight  
It must accelerate  
For two wrongs they don't make a right  
And all these solitaires  
Lone victories  
Wars fought in isolation  
With none to please  
So what will be now, do you feel somehow  
Not so together and not quite as strong  
Now I believe  
Alone doesn't have to mean lonely, after you've gone  
The future's still uncertain  
The past is done  
So what will be now, do you feel somehow  
Not so together and not quite as strong  
Now I believe  
Alone doesn't have to mean lonely, after you've gone  
Now I believe  
Alone doesn't have to mean lonely, after you've gone  
Now I believe  
Alone doesn't have to mean lonely, after you've gone
