Five Ten Fiftyfold

Cocteau Twins

Wheezing and sneezing
Tenfold it blew apart
It halved it in half
And went gushing gust windFive ten fiftyfold
Five ten fiftyfoldWheezing and sneezing
And in hand a little hand
By taking it forward
It went gushing gust windFive ten fiftyfold
Five ten fiftyfoldWheezing and sneezing
Tenfold it blew apart
When gushing gust winds
Turned just up northWheezing and sneezing
In hand a little hand
By taking it forward
It went gushing gust windFive ten fiftyfold
Five ten fiftyfold
Five ten fiftyfold
Five ten fiftyfold
Five ten fiftyfoldWheezing and sneezing
Tenfold it blew apart
When gushing gust winds
Turned just up northWheezing and sneezing and
Sneezing and wheezing and sneezing and
Sneezing and wheezing and sneezing and
Sneezing and wheezing and sneezing andFive ten fiftyfold
Five ten fiftyfold
Five ten fiftyfold
Five ten fiftyfold
