Flunk

Everyone, every singer and every song
Everyone, every lover who's lover's gone
Everyone, every singer and every song
Everyone, every beggar and every bum So cold cold, yeah it's beautiful
Everybody knows that life can be wonderful It's a soothing delight and it's moving my life
It's a soothing delight and it's moving my life Everyone, every singer and every song
Everyone, every lover who's love has gone
Everyone, every singer and every song
Everyone, every beggar and every bum Everyone, every singer and every song
Everyone, every beggar and every bum It's so cold cold, yeah it's beautiful
Everybody knows that life can be wonderful It's a soothing delight and it's moving my life
It's a soothing delight and it's moving my life
My life, my life, my life
