

I Need You

Alicia Keys

The sand loves when the waves come
The sky can't wait for the light of the sun
So how could you look me in my eye
And not see what, what I feel inside?
Tell me, how could you doubt the fact that I
Love you, I love you Dont you ever think like that
Dont you ever never do that
There will never be two things
That go together better than you and meNorth needs south, east needs west
And no needs yes, yes, yes
Up needs down, life needs death
And no needs yes, yes, yesI need you
I need you
I need you, you
I need you, heySo how could you look me in my eye
And not see what, what I feel inside?
Tell me, how could you doubt the fact that I
I love you, I love youDont you ever think like that
Dont you ever never do that
There will never be two things
That go together better than you and meNorth needs south, east needs west
And no needs yes, yes, yes
Up needs down, life needs death
And no needs yes, yes, yesI need you, oh baby
I need you, every day
I need you, yeah
I need you, heyI need you, I need you
Said I need you, baby
Like the desert needs the rain
Like joy needs pain, hey hey hey
