

# King of Kings

## Ladysmith Black Mambazo

Oh Kings of Kings  
Kings of Kings  
We kneel before you Father, appealing  
Asking for peace in the rest of the country  
Lords of Lords we kneel  
We kneel before you Father, appealing  
Asking for peace in the rest of our country  
Our Father, our Father  
We are asking for peace in the world  
Our Father, our Father  
We are asking for peace in the world  
Our Father, our Father  
We are asking for peace in the world  
Our Father, our Father  
We are asking for peace in the world  
Reveal yourself, reveal yourself Almighty  
Reveal yourself, reveal yourself Almighty  
To be from Heaven  
Because we are directing to you,  
to you Almighty  
We are directing to you forever  
Almighty  
The sun rise and set, rise and set  
The sun rise and set forever Almighty  
Your promise our Father  
Said fear thou not, for I am with thee  
Fear not this minute  
For I am like a hut  
I will surround thee  
Yes, I will help thee with my ration of righteousness  
Reveal yourself, reveal yourself Almighty  
Reveal yourself, reveal yourself Almighty  
The sun rise and set forever Almighty  
The sun rise and set forever Almighty  
Reveal yourself Almighty  
Reveal yourself Almighty  
Because we are directing to you forever  
Almighty  
Reveal yourself Almighty

Because we are directing to you forever

Almighty

Reveal yourself
