

# Love Like Laughter

Beth Orton

Some of the worst wrongs  
Get righted on three chords  
Like a promise or a kiss goodbye  
When the sneer on your lips  
Is the livest thing just alive enough to die Open my heart  
In my heart there's something telling me  
To open my heart  
Open my heart  
Yeah, I've been blind and all that's been cut  
Is a short loop runnin' 'round my mind Love is like laughter  
See it happen by chance  
Like a promise be a kiss goodbye  
When the smile on your lips  
Is the livest thing more alive than any sky I've seen Open my heart  
In my heart there's something telling me  
To open my heart  
Open my heart  
Yeah, I've been blind and all that's been cut  
Is a short loop runnin' 'round my mind Open my heart  
In my heart there's something telling me  
To open my heart  
Open my heart  
Yeah, I've been blind and all that's been cut  
Is a short loop runnin' 'round my mind It's just runnin' 'round my mind  
Runnin' all the time  
Runnin' all the time  
It's a short loop, a short loop  
Runnin' 'round my mind
