Energy

Blue Bird Quartet

Energy, digging on your energy
Energy, digging on your energy
Energy, digging on your energy
Energy
Boy, I'm digging on your energy
And I'm digging what you're telling me
So I wrote this little melody
And dedicate it to my favorite lover
Boy, I'm digging on your energy
And I'm digging what you're telling me
So I wrote this little melody
And dedicate it to my favorite lover
I'm lying in bed
There's thoughts in my head
I'm thinking 'bout you
Over and over and over and over again
What can I tell you?
You got me so twisted
Tossing and turning
Over and over and over and over again
So I wrote a song tonight
You weren't begging me to write
Tell me is it cool tonight
To don't know what's on my mind
Boy, I'm digging on your energy
And I'm digging what you're telling me
So I wrote this little melody
And dedicate it to my favorite lover
Boy, I'm digging on your energy
And I'm digging what you're telling me
So I wrote this little melody
And dedicate it to my favorite lover
Rain and shine sleet and snow
Couldn't stop the way we flow
Welcome to my miracle
And I'm digging on your lyrical
Your melody's my remedy
Lemon squeeze to my Hennessey
The one to call when I slip and fall

With the candy coated Tennessee
Just make a wish
And let's make it official
With your boy Baby Bash
With some heavenly bliss
Because your kiss is on my lips
Girl I'm ready to roll
With so vicious and bubblicious
The energy's throwed
Boy, I'm digging on your energy
And I'm digging what you're telling me
So I wrote this little melody
And dedicate it to my favorite lover
Boy, I'm digging on your energy
And I'm digging what you're telling me
So I wrote this little melody
And dedicate it to my favorite lover
Boy, you know that I dig you
I fell in love when I met you
I love the way you make me feel
Your energy is something real
Boy, I love the way
You make me feel
It's something 'bout you loving me
Can't do without your energy
Boy, I'm digging on your energy
And I'm digging what you're telling me
So I wrote this little melody
And dedicate it to my favorite lover
Boy, I'm digging on your energy
And I'm digging what you're telling me
So I wrote this little melody
And dedicate it to my favorite lover
Energy, digging on your energy
Energy, digging on your energy
Energy, digging on your energy
Energy
