Fools Like Me

Trisha Yearwood

Call me crazy, call me anything you want
I thought that we had something good
Now I find it was only in my mind
Guess, I just misunderstoodIt seems forever just came to an end
I thought our time had just begun
And I will never really understand
Why you would turn from love and runFools like me, we never learn
Fools like you are never trueYou go your way, baby I'll go mine
I'll go crazy like the wind
I will love you for a long, long time
I'll never have your love againFools like me, we never learn
Fools like you are never trueFools like me, we never learn
Fools like you are never true
