

# Your Sword Vs. My Dagger

Silverstein

I'm cutting through, you're bleeding out  
And I would tell the truth but I can't help myself  
Red rushes out, dissect this nerve  
And I'll stop myself before I reach my cell I wasn't asking for the world  
And you know that I'm not one to follow through  
All these city streets the people look the same  
And I can see your face, and I can hear your name  
I wasn't asking for the world You're stabbing in, permanent scars  
And you'll justify it all inside yourself  
You've finished me, my pulse is gone  
And you're satisfied to put this all to hell I wasn't asking for the world  
And you know that I'm not one to follow through  
All these city streets the people look the same  
And I can see your face, and I can hear your name  
I wasn't asking for the world Drink the poison, when you think it's over  
Stabbing yourself, when you think it's too late  
Tragic endings are your thing, you love them  
Your love letting go, the ending's the same  
Drink the poison, when you think it's over  
Inevitable, Verona lives inside of you I wasn't asking for the world  
And you know that I'm not one to follow through  
All these city streets the people look the same  
And I can see your face, and I can hear your name  
I wasn't asking for the world
