I'll Get By

Hilera

Give me one last look as you walk away
I, I don't know what to say, I start callin' out your name
But I just can't find the words I know will change your mind
I tried a thousand times, but I just can't make it rightSomeday, I pray there will come a day
When I can open up my heart and love again
Till then I'll get by
Somehow I'll get by
I know I'll get byI take a look around, I see this lonely room
I used to share with you - now I want to paint it blue
'Cause everywhere I turn, there's something else I find
The notes you left behind - were you trying to be kind?Tell you something baby: There will come a day
When I can open up my heart and love again
Until then I'll pretend
I'll play the foolSomeday I'll find another someone just like you
Till then I'll get by
Somehow I'll get by
I know I'll get byMy heart don't own me, can't think about it any more
Love's just a memory surrounded by these lonely walls
Lately I've been thinking I should move away
No reason left to stay - this house is haunted anywayI'll tell you something baby: There will come a day
When I can open up my heart and love again
Till then I'll get by
Somehow I'll get by
I know I'll get by
