

# Living Sin

## Emerson, Lake & Palmer

(emerson - lake - palmer)Will you stand up or will you freeze?  
That savage woman make you pleased  
Turn your inside outside in  
Still you don't know where she has been  
Living sinCan't you see through?  
She's going to realize the way to sound you  
Finely ground youSilence! Never speak a word about a one night lover  
Tell you stories of a meeting with a younger brother  
Twisting! All the people lyin' just to find a cover  
No one ever gonna buy it from a two-faced motherCan't you see through?  
She's going to realize the way to sound youTook you, never saw it coming  
Hooked you up with coca-cola cunning  
Nice and slippery
