

Sentimental Season

Wayne Haun

('a' section)

Don't know when - not sure how - but it's
Clear that my heart crossed over a line - 'cause
Christmas for kids is about looking ahead - but for
Grown-ups it's more about looking behind('b' section)
I'm in the mood for a sentimental season
Hanging tinsel and stockings - like we've done for so long
So much I wanna do - my hearts been needing
To watch the same old movies - hear the same old songs - I wanna
Go out at night - the way that we did - to
Look at all the lights - like when I was a kid
I'm in the mood for a sentimental season - a
Good old fashioned Happy Holiday('b' section)

(I'm in the mood for a sentimental season) -(bgv trio)

There's a small town calling - and it's where I want to be

(I'm in the mood for a sentimental season) - with the

People and places- that mean so much to meAnd as the big day draws near- it sure seems to be - that the
Coldest time of year - brings the warmest memories

I'm in the mood for a sentimental season - a

Good old fashioned Happy HolidayInstrumentalAnd as the big day draws near- it sure seems to be - that the
Coldest time of year - brings the warmest memories

I'm in the mood for a sentimental season - a

Good old fashioned Happy Holiday
