

# Enchanted Sky Machines (Remastered LP Version)

Judee Sill

If I told you some secrets  
Would you say I'm unreal?  
I could easily love you  
If you'd just let me feel  
I can't play forever  
The games I've outgrown  
But just till enchanted sky machines  
take all the gentle home  
Just needin' to touch you  
is so hard to restrain  
Just waitin' for the time  
Could maybe make me insane  
My heart is so hungry  
Livin' on patience alone  
Please hurry enchanted sky machines  
Take all the gentle home  
I believe the beginning  
Won't be too far away  
The power's gittin' stronger  
I see signs every day  
So I'll swallow my yearnin'  
And I won't let it be shown  
Until the enchanted sky machines  
Take all the gentle home  
My desire is a rosebud  
in the magic design  
I can't wait to feel it bloom  
They'll be landin' anytime  
Then when the skeptics are wonderin'  
Where all the faithful have flown  
We'll be on enchanted sky machines  
The gentle are going home
